

CONCURRENT INSTRUCTION

(785) 442-6141 | concurrent@highlandcc.edu

Holton High School

Highland Community College's **Concurrent Program** provides area Kansas secondary schools with the opportunity to expand their curriculum by scheduling HCC courses in conjunction with their regular class offerings. Students have the advantage of taking their college classes right at the high school during the day. Classes are transferrable to nearly every college in the state of Kansas.

PROGRAM OVERVIEW

Students who choose HCC's Concurrent Program learn first-hand the demands of going to college. They experience the process of enrolling in college classes and get a feel for the costs associated with college tuition, fees, and textbooks. The Concurrent Program experience eases a student's transition from high school to college and provides academic enrichment to students who are ready for the challenge of college coursework. Students who choose college while in high school may make considerable progress toward their college education if the appropriate time and focus is given to their studies.
